

ESSENTIAL SERVICE 4: Mobilize community partnerships and action to identify and solve health problems.

Benchmark 9: The local health department shall provide the general public and elected and appointed officials with information on health risks, health status, and health needs in the community as well as information on policies and programs that can improve community health.

Activity 9.1: The local health department shall publish and disseminate data and information on current local health issues to the general public, community partners, and elected and appointed officials.

**Durham County Board of Health
Agenda Item Summary**

Meeting Date: September 10, 2015

Agenda Item Subject: NC School-Aged Students' Immunization Requirements

Attachment (s): PowerPoint Presentation

Staff or Board Member Reporting: Cheryl Scott, School Health Program Manager

Purpose: _____ Action
 X Information only
 _____ Information with possible action

Objectives:

- To provide an overview of NC immunization requirements
- To discuss the changes to NC immunization requirements
- To discuss collaborative efforts between Durham Public Schools and DCoDPH to inform students and families of NC immunization requirements

Summary Information:

NC law mandates that all children receive required, age appropriate vaccines. Immunization requirements for kindergarten and 7th grade students changed effective July 1, 2015. Durham County Public Health and Durham Public Schools collaborate to provide NC immunization requirements to Durham Public Schools students, staff and to the public at large.
