

# BULL CITY UNITED IS WORKING TO STOP SHOOTINGS IN DURHAM

## HOW BULL CITY UNITED WORKS

Bull City United violence interrupters find and mediate conflicts to prevent them from becoming violent. Bull City United outreach workers identify and work with high risk individuals to connect them to jobs, education, and other services. Bull City United team members work with the community to send the message that violent behavior can be changed.

## OUR TEAM

Bull City United team members rely on their experiences and relationships to serve as trusted messengers who connect with high risk individuals in order to resolve conflicts and promote peace.

## JOIN US

Bull City United is a movement of people in Durham who understand that violence is a behavior that can be changed. Through participating in regularly scheduled activities, like the Week of Peace, peace rallies, and community events, everyone in Durham can get involved in promoting the message:

“Peace is a Lifestyle.”
