

Peace

PASS IT ON

**Bullets don't
have names
on them.**

**Think
before
you
shoot.**

In the past month, 3 children have been shot in Durham.

A 10-year-old girl was wounded when a bullet came through her ceiling while she was sleeping.

A 7-year-old boy was killed while riding in a car with his mom.

A 14-year-old-boy was shot in the chest while playing with friends.

Violent gun crime is robbing us of our future, one gunshot at a time.

We can stop shootings and killings if we work together.
