 Information with possible action

Objectives: To review the State of the County Health (SOTCH) report

Summary Information:

The annual SOTCH report provides an interim update from the 2014 Durham County Community Health Assessment (CHA) on health trends among county residents. It provides the most current data highlighting county demographics, leading causes of death, and the county's six health priorities. Its purpose is to provide the community with information on the health of its residents and to serve as a resource for grant writing, local policies, budgets and programs.

The current county health priorities are:

- Access to Care
- HIV/STIs
- Obesity and Chronic Illness
- Education
- Poverty
- Substance Use/Mental Health
