## WHAT IS PROJECT BLUE BRIDGE?

Project Blue Bridge is a quarterly special needs dental clinic, specifically designed for individuals with developmental needs. Parents and youth are provided oral health education, nutrition education, and community resources.

## PAYMENT OPTIONS

Services are available to youth with an identified intellectual developmental disability who meet the following requirements:

- Have Medicaid (Not Health Choice)
- Have NO Medical Insurance

Services are provided by staff who are training and qualified to recognize and adapt to the individual needs of the patient.

**We welcome youth up to age 21 with autism and intellectual developmental disabilities.**
