## FAMILY PLANNING

Public Health

This brochure is partly funded by the Title X Family Planning Grant.

Public Health

## WHAT IS FAMILY PLANNING?

The Family Planning program provides education, counseling, and birth control methods to reduce unwanted pregnancies. Family Planning also prepares women for a healthy pregnancy and baby.

All services are confidential.

## BIRTH CONTROL METHODS AVAILABLE:

- Pills
- Nuvaring
- Depo Injection
- Mirena IUD
- Paragard IUD
- Nexplanon Implant

We strive to provide a welcoming and comfortable environment for all of our patients. With a staff of all women, we have many years of experience in women's health.

## SERVICES INCLUDE:

- Annual Physical and Post-Partum examinations including pap smears, breast exams, and STI testing as indicated.
- Counseling about Birth Control Methods and STI prevention.
- Emergency Contraception and counseling.
- Pregnancy testing and counseling.
- Abnormal pap smear follow-up and colposcopy.
- Weight management through our nutrition clinic.
- Counseling about Tubal Ligations and Vasectomies and access to the NC Regional Vasectomy program.
- Quick Start Birth Control Methods.
