**Budget Ordinance Amendment No. \_\_\_\_\_ to Recognize \$10,000 from NC Department of Health & Human Services for Community Linkages to Care for Overdose Prevention & Response Program Implementation in Public Health**

**Date Of BOCC Regular Session (RS): December 13, 2021**

**REQUEST FOR BOARD ACTION:**

The Board is requested to approve Budget Ordinance Amendment No. \_\_\_\_\_ to recognize grant funds in the amount of \$10,000 from North Carolina Department of Health and Human Services (NC DHHS) for the Community Linkages to Care for Overdose Prevention and Response program implementation in Public Health.

Since December 2019, the award has worked to continue efforts and partnerships that Durham County has successfully implemented to reduce the gap between time of an overdose and an individual's initial appointment with a substance use or mental health provider. The overall purpose of this project is to connect more Durham County residents who are struggling with opioid use with comprehensive, evidence-based care, which acknowledges social determinants of health and responds to current housing challenges. Initially, DCoDPH received \$100,000 for FY2022. This revision to the Agreement Addendum increases the funding amount to allow for expansion of services due to the dramatic spike in drug overdose deaths in the last year.

The Board of Health has approved this amendment.

Please note that this amendment requires no additional County funds.
