

Are you up to date on your COVID-19 vaccinations?

If you haven't received an **updated** booster, you are not up to date, even if you received boosters in the past!

Age 6 months to 4 years

Pfizer: First primary series dose
Moderna: First primary series dose

Pfizer: Second primary series dose 3-8 weeks after first dose
Moderna: Second primary series dose 4-8 weeks after first dose

Pfizer: Updated (bivalent) primary series dose 8 weeks after second dose.
Moderna: Updated (bivalent) booster 8 weeks after primary series

Note: Vaccine brands may not be mixed for children age 6 months to 4 years. The booster brand must match the primary series brand.

Age 5 to 11 years

Pfizer: First primary series dose
Moderna: First primary series dose

Pfizer: Second primary series dose 3-8 weeks after first dose
Moderna: Second primary series dose 4-8 weeks after first dose

Moderna or Pfizer: Updated (bivalent) booster 8 weeks after primary series or previous booster. Note: Children age 5 who received Pfizer primary series should receive Pfizer booster. Children who received Moderna or are age 6 or older may mix brands for booster.

Age 12 to 17 years

Pfizer: First primary series dose
Moderna: First primary series dose
Novavax: First primary series dose

Pfizer: Second primary series dose 3-8 weeks after first dose
Moderna: Second primary series dose 4-8 weeks after first dose
Novavax: Second primary series dose 3-8 weeks after first dose

Moderna or Pfizer: Updated (bivalent) booster 8 weeks after primary series or previous booster, regardless of primary series brand. Note: People who received **any primary series brand** may receive a Moderna or Pfizer booster. Novavax is not authorized as a booster brand.

Age 18 years or older

Pfizer: First primary series dose
Moderna: First primary series dose
Novavax: First primary series dose
Johnson & Johnson (Janssen): Primary series dose

Pfizer: Second primary series dose 3-8 weeks after first dose
Moderna: Second primary series dose 4-8 weeks after first dose
Novavax: Second primary series dose 3-8 weeks after first dose

Moderna or Pfizer: Updated (bivalent) booster 8 weeks after primary series or previous booster, regardless of primary series brand. Note: People who received **any primary series brand** may receive a Moderna or Pfizer booster. Novavax and J&J are authorized as boosters in limited situations.
