Report for Durham Joins Together Taskforce Meeting, ~~April 29<sup>th</sup>~~, 2019

August 28

### Committee Name and Committee Members

#### Current Activities –

- Provide consultation and discussion regarding data collection and evaluation of the peers-in-ER pilot
- Share information and coordinate with Duke Medicine healthcare providers and researchers regarding Duke E.H.R. data
- Increase understanding of existing data resources that monitor substance use crisis in Durham (or resources that may be used to monitor it.)
  - Durham county (EMS, various Duke projects)
  - State resources (NC DHHS IVP)
  - Research and evaluation projects already underway
- Learn about local initiatives that are likely to have an impact on Durham
  - How Duke Medicine is addressing opioid crisis
  - MAT in Durham County detention facility (jail)
- Establish community of data providers/analysts
  - These relationships set a foundation for future collaboration and data-sharing

#### Measures –

- Generally we aspire to use measures that already exist
  - Outcomes: MAT-prescribing, overdose, opioid-prescribing
  - Demographics/social determinants: gender, age, , race/ethnicity, insurance, geographic location, etc.

#### Next Steps

- Continue current activities
- Duke E.H.R. data: Create a data “wish list” for Duke E.H.R. data, and negotiate a feasible plan for regular sharing of aggregate data (e.g., ER overdoses, opioid prescribing, MAT prescribing)
- Increase coordination with other Durham Joins groups (or join forces?)

#### Next Meeting and Location

September 17, 2019 8:30-9:30 am

Brightleaf Square, El Rodeo building: Go to 2<sup>nd</sup> floor, turn left, last door on left.
