

Discharge Request Form

This form shall be completed and submitted to the Durham County Compliance Manager to request approval to discharge any non-domestic waste stream into the sanitary sewer system. The list of general and specific prohibited discharges can be found in Section 26-96 of the [Durham County Sewer Use Ordinance](#).

Industry Information (required)

Industry Name:

Industry Address:

IU Permit Number (if applicable):

Bill to Name:

Bill to Address:

Bill to email Address:

**Industry will be invoiced at the time of submittal per the current Durham County Utilities Fee Schedule.

Discharge Information (required)

Chemical Name:

Concentration of Chemical in Discharge:

Total Volume of Discharge:

Frequency of Discharge:

**A *full-disclosure* Safety Data Sheet (SDS) shall be submitted with this request. Durham County will coordinate with chemical vendors that require a non-disclosure agreement (NDA) to be signed prior to providing a full-disclosure SDS.

Additional Discharge Information (not required)

Please provide additional information *and source data* that may assist Durham County in the review process. Any additional information provided such as activated sludge inhibition criteria, half life data, final discharge composition, decomposition products, and/or biodegradability may prevent any further delay in review.
