

Instructions for College Campus Registrations

Follow these important instructions when completing your voter registration form. Students who do not use the following guidelines will risk failing the mail verification process required by law.

FULL NAME

RESIDENCE ADDRESS

MAILING ADDRESS

Students must provide their full name. This includes **first, middle, and last** names.

Note: Middle name is not required if the student's full name does not contain one.

Students must provide their residence address, also known as "physical address". For students who do not live on campus, they will comply with standard voter registration procedures.

Students living in an on-campus dormitory are expected to use the "physical address" associated with their residence. If this address is not available, the general addresses below may be used for registration purposes.

Students who do not live on campus can check the "Same as above" box under **Mailing address** if they can receive mail at their residence address.

Students living on campus must provide a mailing address but are not required to provide a campus mailing address. However, if students wish to receive their mail on campus, their campus mailing address must be entered **exactly** as seen below to ensure their registration card is properly delivered.

Duke

UNIVERSITY

Scan for Duke Dormitory Addresses

East Campus dormitory residents only:

1400 West Main Street
Durham, NC 27705

West Campus dormitory residents only:

440 Chapel Drive
Durham, NC 27708
